Are you ready to submit photos?
No

Photo - Labeled Floor Plan

How will the test administrator monitor individuals while they are testing? Candidates must be monitored at all times. If you are using video cameras to monitor candidates, the cameras cannot be installed at the workstations and monitoring cannot be done using an iPad, laptop or other portable device.

Will the Test Administrator be within 30 steps of the testing room? If no, you may need a second Test Administrator in order to continuously monitor candidates.

5. Accommodations

Does your facility have access for candidates with disabilities?

Yes

Do you have a separate room available and equipped with a test delivery workstation that can accommodate candidates with disabilities?

No

Would you be willing to shut down to provide private testing?

Yes

Two Test Administrators are required for the site if exams are being delivered in a separate room. One Test Administrator would monitor the standard testing room and one would monitor the candidate in the separate room. Would you be able to meet and abide by this requirement? Please note, a separate room is optional. You are not required to have one.

An application is not considered complete until all photos are received.

When submiting photos please ensure that they are labeled accordingly. For example, if submitting a photo of the check-in area please ensure the file is labeled as check-in area. You may submit the application and go back later to add photos.

Upon submission a confirmation email will be sent with a URL that can be used to go back and add photos at a later time.
